

Additional Rules & Regulations for Lambeau Field

Please note the following display requirements. Please be sure to communicate to all team members involved in the setting up of your display. Displays will be checked and anything that doesn't fit the below requirements will not be allowed to set up or will need to be adjusted or removed.

1) No cutting of materials at all on the Lambeau Field premises.

2) All hardscaping & landscaping displays **MUST** have carpeting underneath to protect the flooring.

3) Signage

- Not taller than 10' without written show management approval - pictures will need to be submitted
- All sides must be finished and look professional
- Must remain completely within your booth space - nothing will be allowed to be placed in aisles

4) All items must remain 100% within your designated booth space. Anything overhanging into aisles or neighboring booths will need to be removed or adjusted.
